

## COLE BECKIUS

Cole Beckius has been hunting his whole life. Starting out in Nebraska with ducks, pheasant, and white tail deer he came to Colorado for the first time in high school. He put down a Pope & Young 6x6 elk his first time out and was hooked.

Cole returned to Colorado after college to be closer to the mountains and help guide his first successful ram hunt. It was the very next season we found out how much moose love Cole! Once this love affair became apparent, Cole became the new moose decoy where he proceeded to call a bull moose in from one unit to another, enabling our hunter to harvest his first Shira's moose. When he's not getting chased by moose, Cole enjoys predator calling and running his family's ranch.
