### **Pack in/Pack Out (Check In/Check Out):**

When you check in with your GPO guide for your scheduled hunt, that is considered your DAY 1 of your scheduled trip. When you are told by the GPO guide it is time to pack out (checking out - no exceptions on pack out), those days packing out are part of your scheduled hunt and ARE NOT in addition to the predetermined trip length. Ex: A 7 day hunt will include your check-in/packing in and then packing out (length of pack out is dependent on if animal is harvested, weather conditions, terrain, location of animal, etc and is up to discretion of the GPO guide. No exceptions). Call us for details or questions.

### **GUESTS**

Non-hunting companion(s) can accompany hunter(s) and guide at 50% of contracted hunt rate for each guest. Call us for details. We do our best to accommodate our client's family and friends. Our client's overall hunting experience is important to us.

#### **DAY RATE**

A day rate fee may be added after the contracted hunt is over if additional time is needed to fill client's tag at the rate of up to \$1000/day. If a hunter is needing assistance on a non-guided hunt by GPO, he/she may contact us to help fill the tag at \$1250/day.
